

Knowledge4Innovation Membership

Knowledge4Innovation (K4I) is a non-profit, independent multi-stakeholder platform with members from the public, private and academic sectors. **K4I is unique** because it brings together the relevant actors and sectors with different backgrounds and expertise, mobilising know-how and resources and engaging in a permanent dialogue in the framework of the K4I Forum of the European Parliament.

Under the **K4I Forum of the European Parliament**, K4I regularly organises Dinner Debates and Working Breakfasts in the “Salon des Membres” of the European Parliament.

K4I's Mission is to provide a space for debate on the future of innovation in Europe. The main objective is to make issues relevant to Europe's ‘Knowledge and Innovation Union’ the top priority in the minds of policy-makers.
